Builder Approval Process

If you are considering builders who are not included on approved builders list, we require the following information to be submitted for review to become an approved builder:

1. Company/Builder Name/Contact Info.(include address, phone, fax and email)
2. Date Company was started/years of experience
3. Three Homebuyer References (Include names, address, phone number and email address)
4. Three Vendor/Subcontractor References (Include contact person's name, phone number and email)
5. A list of Subdivisions/Areas in which you have recently built homes
6. Name of your Bank and your Contact at that location.
7. Information about trade association memberships (including # of years & current status)
8. Photographs of recent work with addresses

(Note: our review process typically takes three to five business days once we receive the information)
